How to Check in/out medications for camp Tilikum

1. Collect medications from camper's parents before transporting them to Tilikum.
2. Once at Tilikum, give all medications to the Health Manager who will disperse them to proper staff.
3. At end of day, pick up medications from check out table before transporting campers home.
4. Give medications back to camper's parents when they come to pick up their camper.

Throughout the week if any extra medications come during the week make sure they are added to this list and checked in with Health Manager.
