Family Program

Come and hear about the campers adventures on Thursday night. During Family night, campers can show their families around the grounds from 6:30-7:30. A short program is held in the Fawver Center at 7:30. Please leave your pets at home.

Tilikum's Challenge Course

- ❖ Tilikum's challenge course is a collection of ropes, cables, wooden beams, tires, and logs assembled to present activities for the purpose of individual and group growth.
- ❖ The 21 "elements" range in height from ground level to 123 feet up in 100-year-old Douglas fir trees.

Tilikum's QUEST Staff

- ❖ College-age or older adults who have been selected for their desire and abilities to work with children, their friendly personalities and their commitment to the Lord.
- ❖ Are taught to recognize teachable moments as a priority and use them to challenge and encourage youth and point them towards Jesus.
- ❖ Have current certification in First Aid/CPR and Emergency Water Safety Lifeguards are certified by the American Red Cross.

Tilikum's Volunteer Counselors

- ❖ Volunteer counselors are an important key in helping campers to attain Tilikum's objectives.
- ❖ The counselor's primary responsibilities are to be a friend and actively participate in the activities with the children.
- ❖ Counselor meetings are held each morning of camp for prayer, training and discussion.

Camper Cooperation

Our intent at Tilikum is to provide a safe Christ-centered safe, environment. Though these situations are rare, the camp reserves the right to call the camper's parent and ask for the camper to be taken home if it is deemed that his or her behavior or actions pose a threat to the camper's safety or the camp. The staff will inform the campers of the expectations we have for them at the beginning of camp.

Safety

- ❖ Safety is a priority at Tilikum. Tilikum will notify parents/guardian of any injury or illness that occurs in camp.
- ❖ Challenge course and equipment is inspected regularly by qualified personnel.
- ❖ Participants on the high elements are required to wear harnesses and helmets and are connected to a rope belay system.
- ❖ All challenge course activities are designed and presented with great consideration for your safety; psychological and emotional, as well as physical.
